### **Problem–Solution Fit:**

The Problem–Solution Fit for FitBuddy means identifying the challenges users face in creating and maintaining a fitness routine and ensuring that the proposed AI-powered solution effectively addresses those challenges using Gemini models.

### **Purpose:**

- ☐ Create personalized fitness plans based on the user’s goals, fitness level, preferences, and available time.
- ☐ Help users choose suitable exercises and organize them into a simple and structured workout routine.
- ☐ Use Gemini models to provide AI-powered fitness guidance and recommendations.
- ☐ Help users stay consistent by providing suitable workout schedules and progress-tracking support.
- ☐ Understand user needs and continuously improve the fitness experience through personalized recommendations.
